WTF

Raymond A. Cattaneo, M.D., M.P.H.

From never. To persistent.
Violence has become our keystone.
Illogical, unjust, verifiable.
Show me.
Have you seen the dentist
 what does it matter
Two minutes twice a day
Do you eat your vegetables
 what does it matter
An apple a day
Do you wear a seatbelt
 what does it matter
Click it or ticket
Do you have sex
 what does it matter
Wrap it up
Do you carry a gun
 I cannot comment on that
Wait...what
You're 15
 My neighborhood is bad
 What the fuck am I supposed to say?
 I leave my front door unlocked
I wear a hoodie to blend in

What the fuck am I supposed to say?
I wear my hoodies for comfort
Friends have been shot
What the fuck am I supposed to say?
My friends have never been in a fight
I've been stabbed
What the fuck am I supposed to say?
That paper cut sure did hurt
I just want to rap
What the fuck am I supposed to say?
Can I even offer hope
Don't carry a gun, it's dangerous
Says the white man to the young Black kid
I just want you to be safe
That's why I carry a gun
What the fuck am I supposed to say?
Wait right here for your Flu shot
